50 YEARS OF STAYING ORIGINAL

THE STORY THAT NEVER ENDS

In a world dominated by automation, there are moments of unparalleled quality that machines cannot replicate—the intricate details of comfort, the expectations of users, and the endless scenarios in which our hats are tested.

6389

6477

OUR PHILOSOPHY

With 50 years of dedicated focus, we persistently embrace the opportunity to learn something new every day. This mindset propels us forward, urging us to never settle, but instead, to listen, work tirelessly, and elevate not only our clients' experiences but also those of our clients' clients.

Founded on the principle of uplifting not only our own community but also the communities around us, YUPOONG, INC. is unwaveringly committed to the human experience—the individuals who wear our hats—rather than merely the quantity of hats in the world. This commitment is embodied through the continuous innovation of Flexfit®. Yupoong embarks on an endless journey to discover the absolute perfect hat for everyone, just as we are devoted to crafting the perfect hat for you.

FLEXFIT® OVER THE YEARS

ORIGINS

1974

Yupoong was established in 1974, initially focusing on exporting fabrics. However, it was in 1977 that the company made a significant stride by innovating the manufacturing process of the Roll-Up hat.

YUPOONG, INC. IN THE MARKET

1982

Yupoong ventured into the promotional market, successfully securing partnerships with leading headwear brands both within and beyond the team licensing market.

1986

Acknowledged for its commitment to quality, Yupoong began manufacturing the entire line for Starter.

THE STRETCHY HAT IS BORN

1994

With two decades of expertise in the headwear industry, Yupoong marked a significant milestone by submitting a patent for the original stretchy hat, Flexfit®. This innovation dominated the converged street and action market.

FLEXFIT® BOOMS

1996

Fubu begins integrating Flexfit® into their caps which was monumental to Flexfit®'s rise.

1998

Flexfit® begins making stretch fit caps for big urban brands Sean John, Rocawear, and Ecko.

1999

Hurley x Flexfit® Journey Begins.

2001

Nike Tiger Woods launches their stretch fitted golf cap. (Flexfit®)

2005

Flexfit® caps are elevated to a new level in the action/lifestyle brands Volcom and Vans.

2013

FLEXFIT 110® cap was developed and introduced.

The development of a groundbreaking patent for a unique stain-block construction commenced, culminating in the official launch of the lightweight performance hat, FLEXFIT DELTA®, in 2016.

DRIVEN BY TECHNOLOGY

2021

ECOWASH™ process was introduced, facilitating the creation of dad caps with reduced water consumption, lower energy usage, and chemical-free production.

2022

The release and launch of FLEXFIT NU® cap showcased a reduced layer paneling, enabling 50% faster embroidery and a sleeker profile.

2023

The introduction of FLEXFIT 110 NU™ marked a milestone, presenting a one-size-fits-all cap with Minimal Stitching technology and a Tri-Layer technique, allowing for more efficient embroidery.

Currently, PATENT PENDING status has been secured for reduced layer paneling, leading to a notable 50% improvement in embroidery speed and the attainment of an even sleeker profile.

BUILT TO LAST

Since 1974, Yupoong has stood as pioneers and innovators in the realm of headwear. We began with a more formal roll-up hat and have since progressed to crafting cutting-edge performance wear. Throughout our journey, Yupoong has consistently led the way in comfort technology, as evident in the 30 years of headwear and textile innovation encapsulated in Flexfit®.

From the Timeless Classic adjustable trucker hats to the groundbreaking stretchy hat, Flexfit®, and now the pinnacle of headwear technology, FLEXFIT NU®, each represents Yupoong's unwavering dedication and commitment to our clients and their customers. As the world continues to evolve, Yupoong and Flexfit® are committed to remaining one step ahead in the latest advancements in comfort and performance technology. This commitment ensures a prosperous future for our clients and guarantees a new favorite hat for theirs.

KEY TECHNOLOGIES

	FLEXFIT® TECH	Weaves stretchable fabric throughout the cap's crown for a secure and flexible fit.
	FLEXFIT® MESH	A revolutionary stretchable mesh that provides ultimate ventilation and comfort.
	ACTIVEGUARD™	Innovative design to enhance sweat absorption while rerouting stains towards the undervisor, as opposed to the traditional front panel. Ensuring a longer lasting refreshing experience.
	PERMACURV®	Visor technology that maintains its proper shape and curve at all times.

CUSTOM TECHNOLOGIES

	FLEXIBLE VISOR	Super lightweight and designed to be bent in any way and still keep its shape.
	ECODRY	Environmentally friendly water repellency without the use of hazardous chemicals.
	HYPER TECH	Conquers all of the elements: thermal regulation, Cool & Dry, anti-bacterial, and UV protection.
	HYBRID TECH	Combining water repellency and Cool & Dry's moisture-wicking for ultimate comfort.

SPECIALIZED TECHNOLOGIES

	STAIN BLOCK TECH	This patented technology features a 3-layer multifunctional sweatband that effectively absorbs, stores and diffuses sweat to the undervisor where it evaporates.
	PRO-FORMANCE®	Combines Cool & Dry properties with the premium look and feel of wool fabric.
	COOL & DRY	Wicks perspiration away from the body, making sure to stay cool, dry, and refreshed.
	ECOWASH™	Clean fabric washing technology with less water, less energy and no chemicals usage. US Patent Pending
	UNIPANEL™	Seamless front panel that provides a smooth, uninterrupted canvas for immediate wear or customization.
	WATER REPELLENT	Offers water repelling features to stay dry under any given circumstances.
	ULTRAFIBRE	Robust, lightweight, and wind/water resistant fibers with a natural shine that emanates strength.

PRODUCT GUIDE

YP CLASSICS®

PAGE 59-80

The mark of quality since 1974, the YP Classics® sticker has been representing a diverse range of styles, shapes, and technologies. From the original adjustable snapback to the versatile trucker and cozy beanies, YP Classics® products are meticulously crafted with the finest materials to provide a premium experience for any occasion.

FLEXFIT®

PAGE 41-54

The FLEXFIT THE ONE AND ONLY ORIGINAL® stretchable fitted cap, empowered with Flexfit® Technology, features a polyurethane spandex woven sweatband that offers enhanced fitting choices and comfort technology. This provides premium comfort and improved sizing options.

FLEXFIT 110®

PAGE 29-36

FLEXFIT 110® cap: MADE FOR YOU. The FLEXFIT 110® cap incorporates the comfort technology of innovative Flexfit® Technology, paired with a variety of adjustable closures to guarantee optimal comfort for a more inclusive and customized experience.

FLEXFIT 210®

PAGE 55-58

Inspired by premium on-field baseball gear, the FLEXFIT 210® cap delivers the comfort and security of Flexfit® Technology, complemented by premium fabrics to serve as the ideal solution for any endeavor.

FLEXFIT DELTA®

PAGE 37-40

This innovative cap is lighter, sleeker, and smarter than ever before. The FLEXFIT DELTA® cap features seamless construction with a lightweight approach. The patented Stain-Block Technology diffuses sweat faster for extra comfort.

FLEXFIT NU®

PAGE 19-22

The culmination of insights learned from 50 years of craftsmanship, the FLEXFIT NU® cap features a unique Tri-Layer paneling technique (Patent Pending), incorporating front panels that are 50% thinner and a stitchless front panel for optimal branding. It also boasts innovative ACTIVEGUARD™ Technology, facilitating rapid moisture absorption and under-visor dispersion for a longer-lasting stainless look.

HAT COMPONENTS

VISOR A fabric-covered round piece attached to the front of the cap.

Made to help shield the eyes from the sun, visors come in a wide range of shapes and curvatures to cater to a variety of headwear styles.

CROWN The distance from the bottom edge of the cap to the top of the head.

This helps determine the depth of the cap. A smaller number means the cap will sit higher on the head while a larger number means the cap will sit lower.

PANELS Triangular pieces of fabric that are stitched together.

These pieces come together to form the main rounded structure of the cap. Depending on the style, caps generally consist of 5 or 6 panels.

CLOSURE The back piece of the cap that determines fit and adjustability.

There is a wide range of closure types such as snapbacks, buckles, and plastic hooks made to give our customers the perfect fit.

PROFILE The slope of the cap's crown.

Low-profile caps tend to have crowns that are more angled while high profile caps have crowns that are more perpendicular to the visor.
